

## Montessori Centenary Calendar – ‘Spirit of Montessori’

The UK Centenary committee has created a Centenary Calendar to celebrate the 100-year anniversary of the opening of the first Montessori Children’s House in January 1907. The calendar – entitled ‘Spirit of Montessori’ features full colour photographs of children from around the world. Each page has been designed so that the photograph and quotation can be kept and framed for display or given as a gift.

*“The children must be free to express themselves and reveal those needs and attitudes which would otherwise remain hidden in an environment that did not permit them to act spontaneously.”*

The Discovery of the Child

*“Love impels the child not toward the possession of an object, but towards the work he can do with it.”*

Education and Peace

The calendar, along with a Centenary car sticker is being sold to raise funds for the Montessori Centenary Parent Support Initiative, which aims to make parents aware of the developmental needs of children. We hope that you will support this important initiative by ordering as many copies of the calendar and car stickers as possible and selling them to parents and friends.

**Please download an order form and send it off as soon as possible as the number of copies are limited.**
